# Encouraging the Future:
## Learnings from a (*Junior*) Developer

Pauline P. Narvas

Digital Engineering Grad (BT), Remote Developer (TUoS), Blogger (pawlean)

*@paulienuh*

# Key learnings as developer intern

*...Wait...* People do this for a job?

This is so much fun!

Sense of belonging

# Key learnings as a Comms intern and remote developer

Google is my best friend

My digital and technical skills is valuable to any role

Charging for work is the scariest thing ever

The importance of building relationships with your network

Managing expectations

# Key learning as a Digital Engineering Graduate

Ways of working

Importance of teamwork and collaboration

The bigger picture - commercial benefit and business gain

Focus on customer experience

There's so much I still don't know

# How to cultivate an environment for growth 🌱

👋 Introduction

⛵ Onboarding

💬 Knowledge Transfers

♲ Every stage of the process

💻 Code Reviews

🌿 Tickets ready for beginners

👍 Support

💜 Patience
